Fast Track Option

During Year 4, students have an opportunity to apply to the Fast Track program. Upon admission to the program, students may substitute up to three Criminal Justice graduate courses for three Criminal Justice undergraduate courses (see highlighted coursework on the previous page). Tuition for the graduate coursework will be charged at the 3+1 tuition rate and financial aid will apply. After conferral of the bachelor's degree if the student continues to the graduate program in Criminal Justice, s/he can complete the program in one year if the student completed three graduate courses as an undergraduate student. Additionally, the student will be given a 20% Frequent Flyer tuition discount. The Frequent Flyer discount combined with the 3+1 tuition pricing reduces the entire program over 40%.
